 <p>19XX The War Against Destiny LAI Upright 26" Monitor excellent condition perfect clear picture, fully workshopped and tested . Released 1995 Scrolling Shooter A modern airplane shooter.This is the final game in the 194X series. The graphics are great, the big airplanes are tough but with a super weapon, you will stand a chance.You can choose between 3 fighters, each of which has a different mix of speed, default weapon-power, and homing weapon-power.SHOOT is for the primary weapons, and BOMB controls a limited number of special weapons you can get extra by collecting powerups.During the game, if you hold down SHOOT for a short time, a power-shot missile will be released and whatever it hits will be "locked" for a period of time or until it is destroyed. While the target is "locked", you will fire extra weapons that automatically home in on the locked target.</p>	EXCELLENT	3 MONTHS	\$1850
 <p>DAYTONA TWIN DRIVING GAME Fully Reconditioned Released 1994 JAPANESE VERSION This is a checkpoint-style racing game, featuring realistic physics and multi-player action. It features three different racing tracks, multiple player views (4), and numerous "secrets". It is a superb racer that will be the benchmark for many years to come.This game will certainly go down in history as a classic. Few games have realised such a transmission of visceral thrill and emotional competitiveness to the extent that Daytona has. The force-feedback steering is amazingly responsive and adds incredibly to the game play, allowing players to feel the road, and the bumps and impacts of other cars. The games superb physics model allows for depth and complexity that, in my opinion, has rarely been matched.</p>	EXCELLENT	3 MONTHS	\$7500
 <p>SEGA RALLY TWIN DRIVING GAME Fully Reconditioned Released 1998 Two rally cars race each other on four tracks: Sand (easy), Forest (medium), Snow (hard) and Riviera (final). Pass the checkpoints within the time limit. Compete against another player or against the computer opponent.Race your car around the tracks and earn extra time by reaching checkpoints. There are two modes: Practice and Championship. In Practice mode, you race against one or more cars by selecting one of four tracks and racing a number of laps. In Championship mode you race an equal number of laps per course and each successive track becomes more difficult.You compete against 14 other cars that are either computer or player controlled. There is also a View Change button that lets the player choose between two different driving perspectives: behind the car and inside the car. The tracks are as follows: Desert (easy), Mountain (medium), Snow (expert), and Riviera (Final).</p>	EXCELLENT	3 MONTHS	\$5800
 <p>WANGAN MIDNIGHT RUN Fully Reconditioned Released 2001 A high-speed street racing game from Namco, Players cruise around Tokyo looking for a racing opponent and when they find one, the game enters race combat mode. The car has a life gauge that dwindles down when you are behind in a race until you are left with a stalled car as the gauge shows empty. If you stay in front the game will last longer but you have to drive maniacally to stay in front for long.</p>	EXCELLENT	3 MONTHS	\$5500

****Attention Customers****

If you have a game in mind and we haven't got it showing on the web site simply call and we will track it down for you. There has been many games released over the years we can't keep them in stock at all times but we will do our best to source what you want at a very competitive price.

Where we state the game/cabinet has been workshopped, we have replaced anything that required attention and the monitor has been checked for clarity and any adjustments have been made, where required, all trackball and joysticks have been checked for faults and serviced when required.

Please note we include 3 months warranty and FREE delivery is included for local CBD. We are not backyarders and we stand by every thing we do, so you can be confident when purchasing your games.
